

ECORIDE

Moving cities forward.

A self-initiated concept project

2026 · Presentation Design Portfolio

Urban transportation is changing.

Our cities need to change with it.

**Daily travel is shaped by congestion,
time loss and rising emissions.**

EcoRide is designed around a simpler question: what if everyday mobility felt cleaner and easier?

68%

Urban commuters face daily congestion.

30+ min

Average time lost to traffic each day.

Growing

Transport remains a major source of urban pollution.

ILLUSTRATIVE CONCEPT

Figures are illustrative for this portfolio project.

A better way to move is already within reach.

Three shifts are creating room for a new mobility experience.

01

GROWING CITIES

More people need efficient ways to move.

URBAN

02

CLEANER CHOICES

Consumers increasingly value sustainable alternatives.

SUSTAINABLE

03

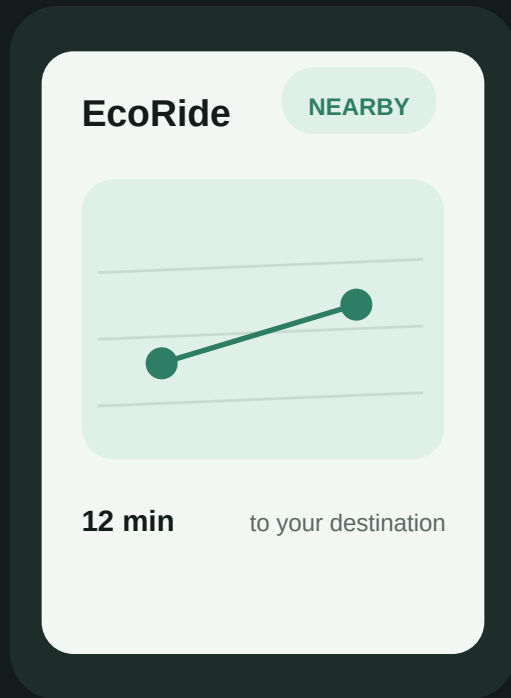

DIGITAL CONVENIENCE

People expect transportation to be available at the tap of a phone.

CONNECTED

Meet EcoRide.

A simple, affordable electric mobility platform designed for modern urban commuters.

01

ELECTRIC

Zero-emission rides for everyday journeys.

02

CONVENIENT

Book, unlock and pay through one platform.

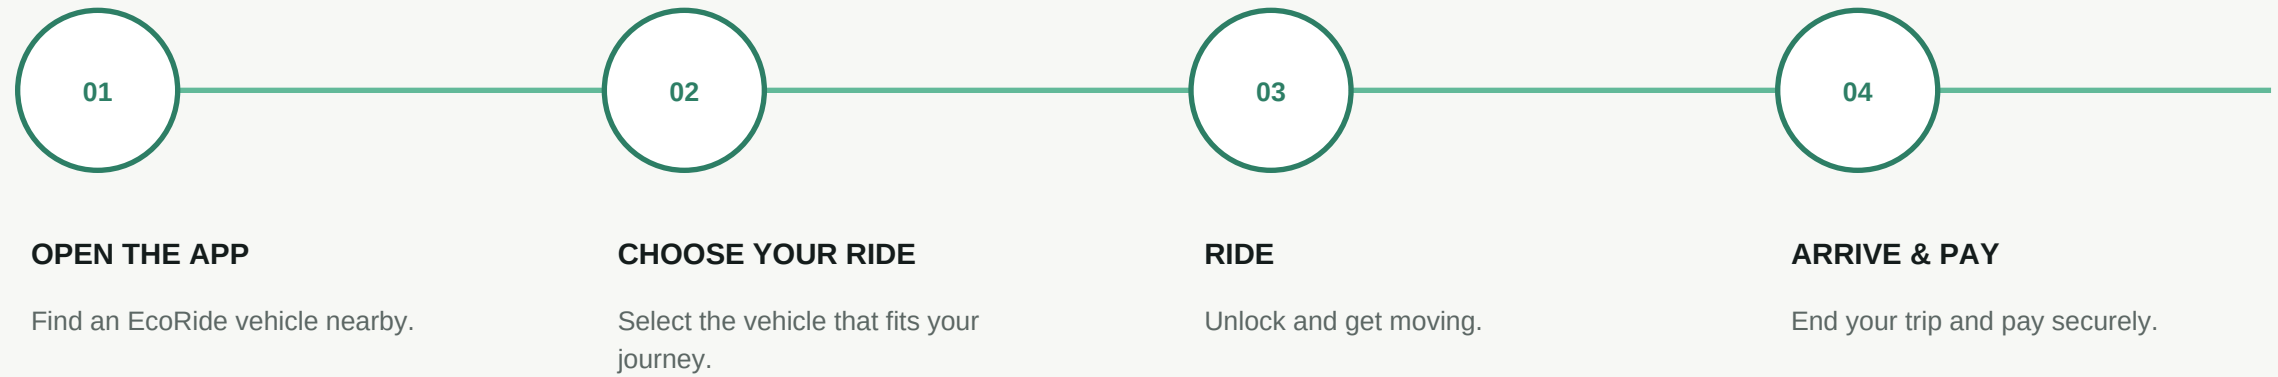

03

ACCESSIBLE

Flexible pricing designed for everyday commuters.

Getting around should be this simple.

Four steps from opening the app to arriving at your destination.

A massive opportunity in urban mobility.

Illustrative market sizing for the concept presentation.

\$48B

Estimated addressable urban mobility market

TAM

\$48B

Total urban transportation market

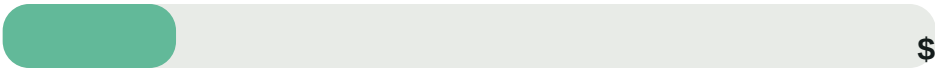

SAM

\$18B

Digital & shared mobility services

SOM

\$3B

EcoRide's initial target market

ILLUSTRATIVE FIGURES

Used to demonstrate market-sizing and data-visualization skills.

Built for sustainable growth.

EcoRide combines recurring and transaction-based revenue.

RIDE FEES

Customers pay per journey.

TRANSACTION

MEMBERSHIPS

Monthly plans for frequent riders.

RECURRING

BUSINESS PARTNERSHIPS

Mobility solutions for companies.

B2B

ADVERTISING

Relevant brand partnerships within the platform.

PARTNERSHIPS

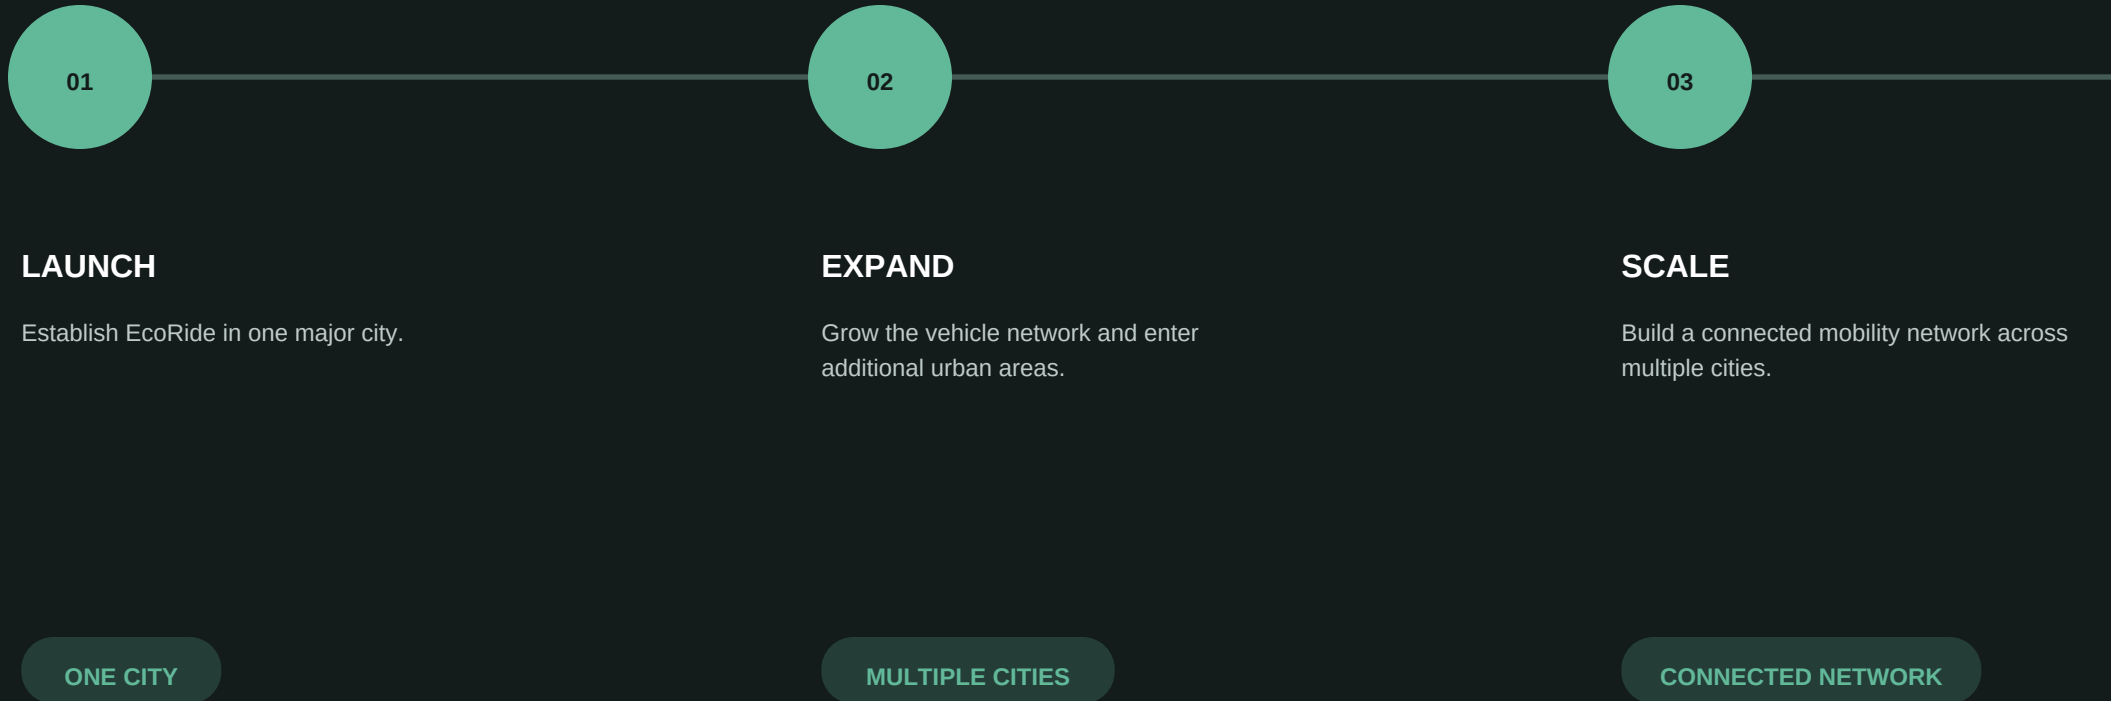

More than transportation. A better everyday experience.

	TRADITIONAL TRANSPORT	ECORIDE
Convenience	Moderate	HIGH
Sustainability	Low–Moderate	HIGH
Digital experience	Limited	SEAMLESS
Flexible pricing	Limited	YES

Cleaner. Simpler. Smarter.

Starting local. Growing across cities.

A staged approach to building a connected mobility network.

THE FUTURE OF

urban mobility starts here.

EcoRide

Moving cities forward.
